I've been going to ACS my entire life and I love the school, but there is one class that I need in a school and that's tech, the school does not seem to have a broad variety of tech classes or even tech classes in the matter. I needed to learn more on tech. I'm planning on going to ACIT for the technology course. I don't want to make this school sound bad. It's a lively place where everyone, people you don't even know talk to you. Everyone is friendly there and the teachers are nice.
