September 2026 Active Listings

Chicago, IL 60643

Single Family Residence

This graphic summarizes key statistics for properties that were in an active status on the last day of each month. RPR uses list date and a derived pending date to determine if the listing was active on the last day of the month. An end-of-month snapshot of active listings helps to understand inventory levels, price points and duration on the market.

September 2026 Sold Listings

Chicago, IL 60643

Single Family Residence

This graphic summarizes key statistics for properties that sold each month. RPR uses a derived sold date to determine when a property moved into a sold status within the given month. These statistics are important for understanding the price points on sold properties as well as the difference between the list price and sold price, which reveals whether buyers are paying over or under the asking price.
